

EARTHCRAFT BIOSYSTEMS™

EC™

GROWTH FORMULA 9 - 1.5 - 7

Growth Formula SP is a natural and organic fertilizer blend that provides full spectrum nutrition for optimal vegetative plant growth. Perfect for the professional or home gardener, this easy-to-use water soluble powder is highly effective and compatible with commercial irrigation systems.

Guaranteed Analysis

Total Nitrogen(N)	-----9%
9% water soluble nitrogen	
Available Phosphate(P2O5)	-----1.5%
Soluble Potash(K2O)	-----7%
Calcium(Ca)	-----4.5%
Magnesium(Mg)	-----1%
Manganese(Mn)	-----0.32%
0.32% water soluble manganese	
Zinc(Zn)	-----0.35%
0.35% water soluble zinc	
Boron(B)	0.0875%
0.0875% water soluble boron	
Copper(Cu)	-----0.125%
0.125% water soluble copper	
Iron(Fe)	-----0.2%
0.2% water soluble iron	

Derived From:

Soy Protein Hydrolysate, Rock Phosphate, Ferrous Sulfate, Manganese Sulfate, Zinc Sulfate, Sodium Borate, Potassium Sulfate, Kelp Extract, Magnesium Sulfate, Copper Sulfate

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

3% Humic Acids (derived from leonardite)

Application Rate:

Root Drench: 1-5 grams per gallon of water with every feeding or once or twice per week

Foliar Application: 1-5 grams per gallon of water once or twice per week

MEETS THE NATIONAL ORGANIC PROGRAM REQUIREMENTS FOR ORGANIC CROP PRODUCTION

Keep out of reach of children and pets. Do not inhale or ingest. Wash hands after use.
